

# Alaska - Metrc Support Bulletin

<b>Bulletin Number:</b> AKIB#015	<b>Distribution Date:</b> 01/16/19	<b>Effective Date:</b> 1/14/19
<b>Contact Point:</b> support@metrc.com	<b>Subject(s):</b> New Features - Waste Types	

Greetings Metrc Users,

Metrc® is pleased to provide some information on the newest feature available in the software to support legislative allowances to sell fibrous harvest waste.

## NEW WASTE REPORTING OPTIONS

When reporting waste in Harvests, you will now have a dropdown list to choose the waste type being reported. The state will configure the waste types from which you will choose.

**Report Waste**

*Template*

Unit of Measure - Select - ✓

Waste Type - Select - ✓

Waste Date mm/dd/yyyy today ✓

**Batch # 1** -

Batch Type part of Harvest name... Q

Weight ex. 100.23 - Select -

Please select a Harvest.

Waste Type - Select -

Waste Date mm/dd/yyyy today

**Batch # 2** -

Batch Type part of Harvest name... Q

Weight ex. 100.23 - Select -

Please select a Harvest.

Waste Type - Select -  
Fibrous Waste  
Plant Material

Waste Date - Select -

+ Report Waste Cancel

# Alaska - Metrc Support Bulletin

You will now have the option below in Waste Types:

- Plant Material– Normal harvest waste

Please note: The state may add new Waste Type options at any time.

## **NEW ADDRESS FOR METRC**
