Contact Point: support@metrc.com	**Subject(s)**: Workshop Announcement	
Reason: Workshop Announcement		

Greeting Metrc Users,

In our on-going efforts to provide training & support for the Cannabis industry, we would like to announce that Metrc will be providing in-person training workshops in September, 2018. These workshops will be open to all employees with agent badges in the Alaska Cannabis industry (Owners, Managers and Staff).

Important Note - Minimum attendee requirement:

- Due to the number of locations, distance of travel involved and historically low attendance for currently available training classes a minimum requirement for attendance has been put into effect.
- We are respectfully requesting that industry users register as soon as possible online. If fewer than 15 users register for any single workshop, the workshop may be cancelled

Workshop Overview

- The purpose of these workshops is to address current issues and common errors experienced by the industry and the state regulatory authority
- The workshops will be live, in-person
- There will be a Q&A session after each workshop with Metrc staff
- Workshops may have state personnel in attendance

Workshop Registration

Registration is available now: Metrc.com/Alaska

- Space for workshops may be limited
- Users who want to attend must register online at the link above
  - *Each person must register individually online, those who are not registered may be denied entry*
