FAQs Resources Integration & API Bulletin Support The Office of Marijuana Policy (OMP) welcomes you to the Maine Marijuana Enforcement Tracking Reporting & Compliance (Metrc) webpage. Image: Compliance (Metrc) webpage. The Metrc system is an integral part of OMP's mission to ensure the health and safety of all Mainers by effectively and responsibly licensing and regulating marijuana establishments. OMP's vision is to provide interested consumers with access to a regulated industry, while diminishing an unregulated, untested black market. Maine's							
marijuana inventory tracking system, hosted by Metrc LLC, will help to make that Schedule Training Now Vision a reality. This portal contains important resources, training, and updates for marijuana							
establishments. The information and tools provided by Metrc LLC are critical in ensuring that licensees remain in compliance with the marijuana-related laws and regulations within the State of Maine.							
We look forward to working with you to ensure a safe, equitable, and effectively run marijuana industry in Maine.
