

Bulletin Number: MA_IB_0025	Distribution Date: 7/9/20	Effective Date: 7/9/20
Contact Point: Metrc® Support	Subject: Item Approval Fields and Product ID	
Reason: Metrc is providing additional information regarding the additional fields and Product ID for newly created items		

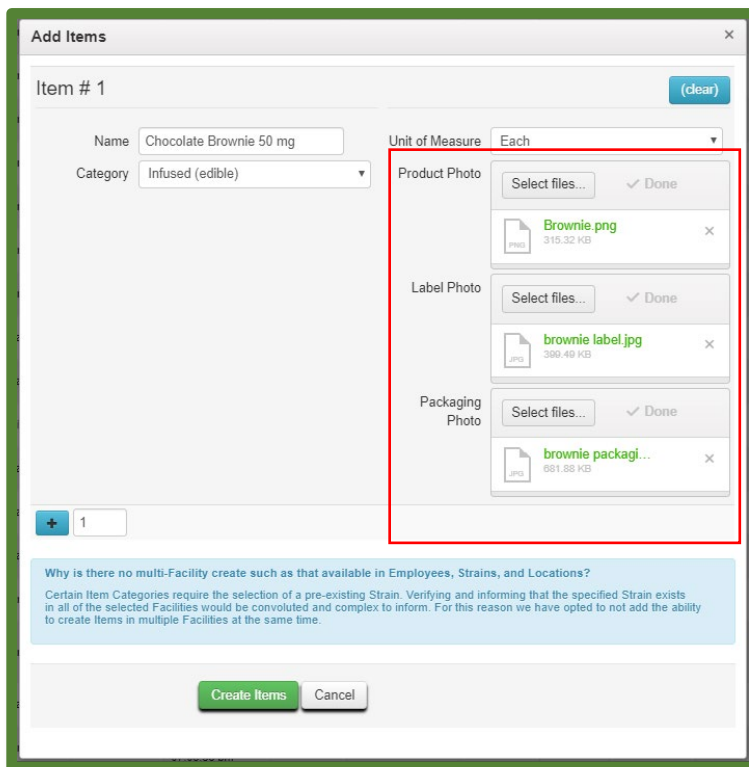

Greetings Metrc Users,

Metrc, conjunction with the Cannabis Control Commission (CCC), is providing additional information around the Product ID for newly created items. This identification code is unique to every item created after **July 8th, 2020**. This code will be part of the item name and be assigned automatically by Metrc and will not affect the creation of new items or the ongoing use of previously created items.

Please see the following page for more details:

Item Approval Fields and Product ID

Users will see the optional photo fields seen in **Figure 1** which was referenced in Metrc Bulletin #23.

The screenshot shows the 'Add Items' form with the following details:

- Item # 1** (clear button)
- Name:** Chocolate Brownie 50 mg
- Unit of Measure:** Each
- Category:** Infused (edible)
- Product Photo:** Select files... (Done), Brownie.png (315.32 KB)
- Label Photo:** Select files... (Done), brownie label.jpg (380.49 KB)
- Packaging Photo:** Select files... (Done), brownie packagi... (681.88 KB)
- Quantity:** 1
- Buttons:** Create Items, Cancel
- Footer Note:** Why is there no multi-Facility create such as that available in Employees, Strains, and Locations? Certain Item Categories require the selection of a pre-existing Strain. Verifying and informing that the specified Strain exists in all of the selected Facilities would be convoluted and complex to inform. For this reason we have opted to not add the ability to create Items in multiple Facilities at the same time.

Figure 1: Optional Photo Fields

Upon the creation of the item, users will now see new fields for Approval Status and Approval Date as well as an automatically generated 12-character Product ID as part of the item name.

Item	Category	Type	Quantity Type	Default L.T.S.	UoM	Approval	Apv Date
<div> <div>M00000004601:</div> <div>Chocolate Brownie 50 mg</div> </div>	Infused (edible)	InfusedEdible	CountBased	NotSubmitted	Each	Approved	07/08/2020 07:07:57 pm

Figure 2: New Item with Approval Fields and Product ID

Please note that all previously and newly created items are **automatically approved**, but only items created after July 8th, 2020 will receive the Product ID. This change **will not impact** any current processes.

Please feel free to contact support at support@metrc.com or 877-566-6506 with any questions.
