

Bulletin Number: MTIB#004	Distribution Date: 09/10/18	Effective Date: 09/10/18
Contact Point: support@metrc.com	Subject(s): New Features Release	
Reason: Metrc is providing details on the newest feature releases for the system.		

Greetings Metrc Users,

Metrc is pleased to provide some updates and information on the newest features available in the software.

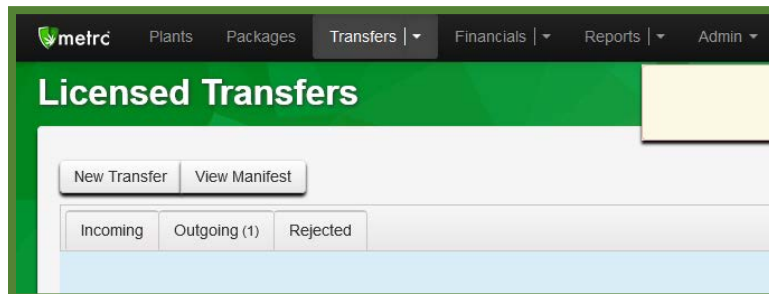

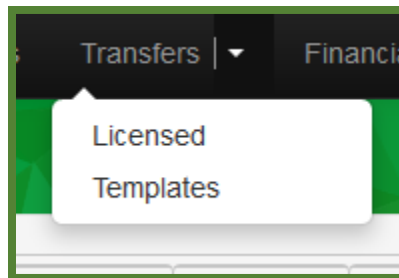

Navigation – Industry User

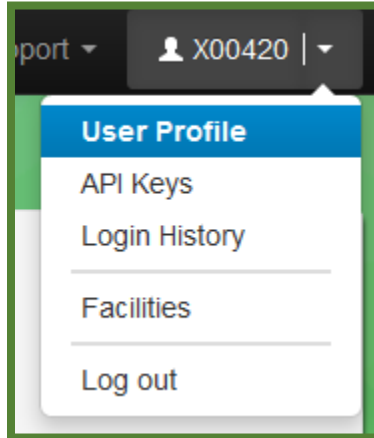

You will notice that the navigation bar has changed. Several navigation options have been delineated with “|”. This represents a two-fold ability for that option. In the example below, if Transfers is selected, Metrc navigates to the default page for Transfers (“Licensed Transfers”) and if the down caret is selected, a drop-down menu of options is displayed.

Clicking Transfers vs Clicking the Down Caret

Clicking Transfers

Clicking the Down Caret

You will also notice that the user account area is delineated. In the example above, if X00420 is selected, Metrc navigates to the User Profile. If the down caret is selected, the drop-down menu of options is displayed.

A screenshot of the 'User Profile' page. The page has a green header with the text 'User Profile'. Below the header, there are two columns of information: 'Contact Info.' and 'Security Info.'. Under 'Contact Info.', there are fields for 'Full Name' (METRC INDUSTRY ADMIN), 'E-mail' (support@metrc.com), and 'Phone Number' (+1-123-456-7890). Under 'Security Info.', there are fields for 'Username' (X00420), 'Password', and 'Confirm Password'. Each field has a corresponding input box.

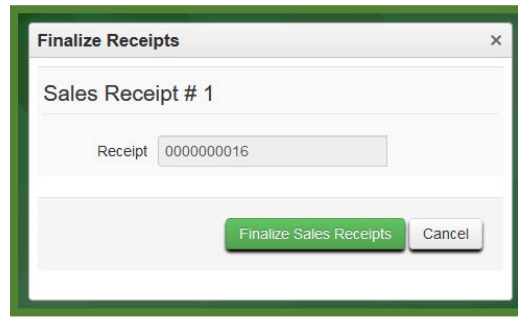

If the navigation option is not delineated, it functions as it did before.

Sales Receipt Finalize and Unfinalize Buttons

The Sales Receipt section of Metrc has been updated to include two new buttons: Finalize and Unfinalize. A new Finalized column (filterable) has been added to the Sales Receipt grid as well.

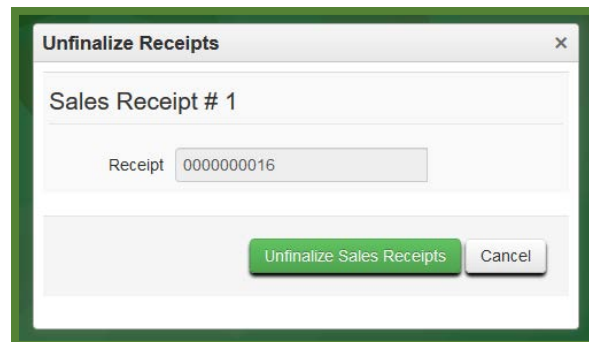

When a receipt is no longer active, select the receipt and click the Finalize button. The following window will appear. Verify the receipt number and click the “Finalize Sales Receipts” button. **Note: A receipt should be considered “no longer active” once it becomes unlikely that it will need editing. Larger stores may want to Finalize older Sales Receipts at a faster pace (e.g. on a weekly basis).**

This will remove the receipt from the list of current receipts Metrc pulls when you edit receipts, which will improve the performance of that functionality. **Note: Only those receipts not marked as “finalized” will display in the edit receipts window.**

If a “finalized” receipt later needs to be edited, utilize the Unfinalize button on the Sales Receipts grid. Select the desired receipt and click the Unfinalize button. The following window will appear. Verify the receipt number and click the “Unfinalize Sales Receipts” button.

Metrc – Industry Training

Metrc provides industry training and education workshops in person and online. Support Guides and training videos are also available online 24/7x365.

- Register for workshops or classes online at: www.metrc.com/montana
- *You must attend at least one New Business (Level 1) class online before you may register for other classes.*
- *We recommend that all industry users take classes every 3-4 months to stay updated on new features or changes.*

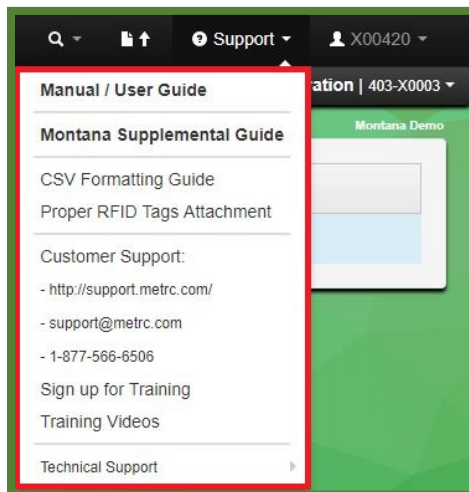

Online classes:

- Metrc New Business (Level 1) – All Facilities
- Metrc Advanced (Level 2) – All Facilities

Metrc – Industry Support

Metrc provides live, interactive support for industry users and licensees. This information can be found on our website, or under the Support tab when logged into the software as pictured below.

Check under the “Support” tab for additional resources

Please be advised that the new CSV Formatting Guide is now located under the Support Tab when you login to Metrc.

Please feel free to email support@metrc.com or call 877-566-6506 with any questions, or to request a copy of previous industry bulletins.
