

<b>Bulletin Number:</b> NVIB#020	<b>Distribution Date:</b> 01/01/19	<b>Effective Date:</b> N/A
<b>Contact Point:</b> <a href="mailto:support@metrc.com">support@metrc.com</a>	<b>Subject(s):</b> Hybrid Strains (Blending Trim)	

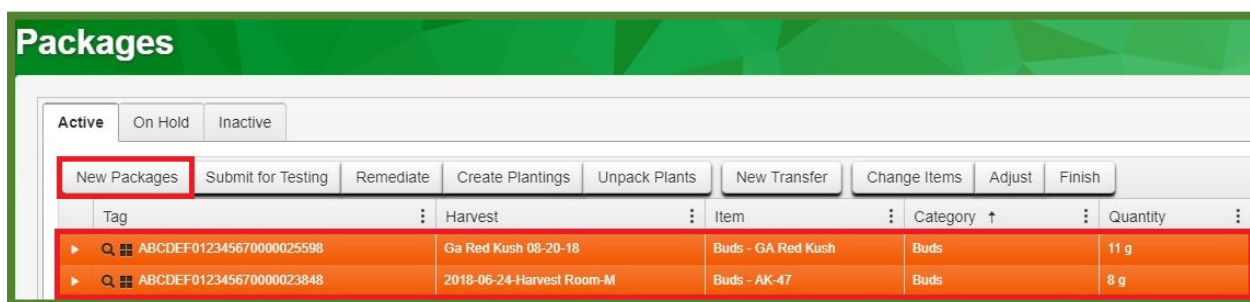

Greetings Metrc Users,

This bulletin is intended to clarify the process for combining two different strains together to create a “Hybrid” strain, also known as Cross-pollination. This process may also apply to those who want to blend trim together.

## Hybrid Strains & Blending Trim

First, create the new Strain and Item in their respective areas under the “Admin” tab.

When you are ready to create a new package of your combined product (“blended” or “mixed” shake trim, etc.) highlight the packages you intend to combine and select “New Package”.

In the “New Packages” area, as seen on the next page:

- The box labelled “Production Batch” must be checked.
- The box labelled “Production Batch Number” must be filled out.
  - Please include the following information in the Production Batch Number:
    - The license type where it was created (C=Cultivation, P=Production)
    - The name of the strains that were combined
    - The date they were combined
    - *Acronyms and/or abbreviations are acceptable in the “Production Batch Number” field (I.E. C-GARK AK47 12/31/18)*

The Production Batch Number should include:

1. The license type where it was created (C=Cultivation , P=Production)

2. The name of the strains that were combined (Acronyms OK)

3. The date they were combined.

Once the package of new product has been created, you must submit a test sample using the “Submit for Testing” button.

## Metrc – Industry Training

Metrc provides industry training and education workshops in person and online, as well as training guides and videos available online 24/7x365.

- Register for workshops or classes online at: <https://www.metrc.com/nevada>
- You must attend at least one New Business (Level 1) class online before you may register for other classes
- We recommend that all industry users take classes every 3-4 months to stay updated on new features or changes

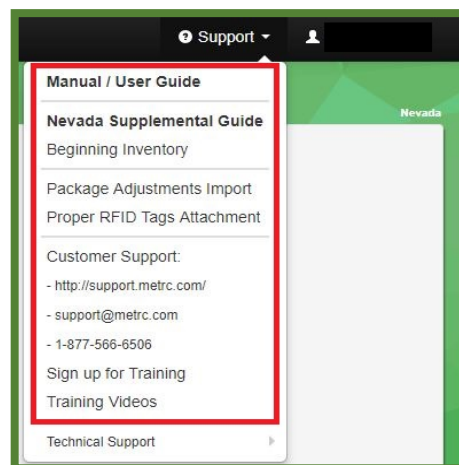

### **Online classes available:**

- Metrc New Business (Level 1) – All Facilities
- Metrc Advanced (Level 2) – Cultivators
- Metrc Advanced (Level 2) – Producers
- Metrc Advanced (Level 2) – Stores/Dispensaries
- Metrc Advanced (Level 2) – Testing Labs (not available via scheduler)

## Metrc – Industry Support

Metrc provides live interactive support for industry users and licensees. Support contact information can be found on our website, when logged into Metrc under your Support tab, and is listed below.

**Check under the “Support” tab for additional resources.**

Please be advised that the new *CSV Formatting Guide and Industry Reports Guide* are now located under the Support Tab when you log in to Metrc.

Please feel free to email [support@metrc.com](mailto:support@metrc.com) or call 877-566-6506 with any questions or to request a copy of previous industry bulletins.
