Reason: Metrc is providing details on Advanced Training and sign up.		

Greetings Metrc Users,

Metrc is pleased to provide the first Advanced Metrc Training for District Cultivation Centers and Dispensaries on January 17th from 12:30-2:30 ET. A Metrc Training Specialist will deliver the webinar live and take questions at the end of the session. The Advanced Training will cover end to end functionality of the system for the DC industry. This training is meant to review and build off the New Business Training class that has been offered since the program kicked off in April. To sign up for the 1/17 Advanced Training, please visit the following link:
