Bulletin Number: RI_IB_0016	Distribution Date: 10/18/2023	Effective Date: 10/16/2023
Contact Point: Metrc® Support	Subject: Update to Lab Test Batches	
Reason: Metrc and the OCR are providing an update on the addition of a Lab Test Batch for Tinctures		

Greetings,

Metrc and the OCR are pleased to provide an update on an additional lab test batch that will be added for Tinctures. The new Lab Test Batches will be live on October 16th, 2023. The new Lab Test Batches are:

Tincture (AU)

Tincture (Medical)

Please see the following pages for details on these changes:

New Lab Test Batch Test Samples

To create a test sample package for Tincture (AU) or Tincture (Medical), select the package that requires testing and then click the “Submit for Testing” button. This step is demonstrated in **Figure 1** below.

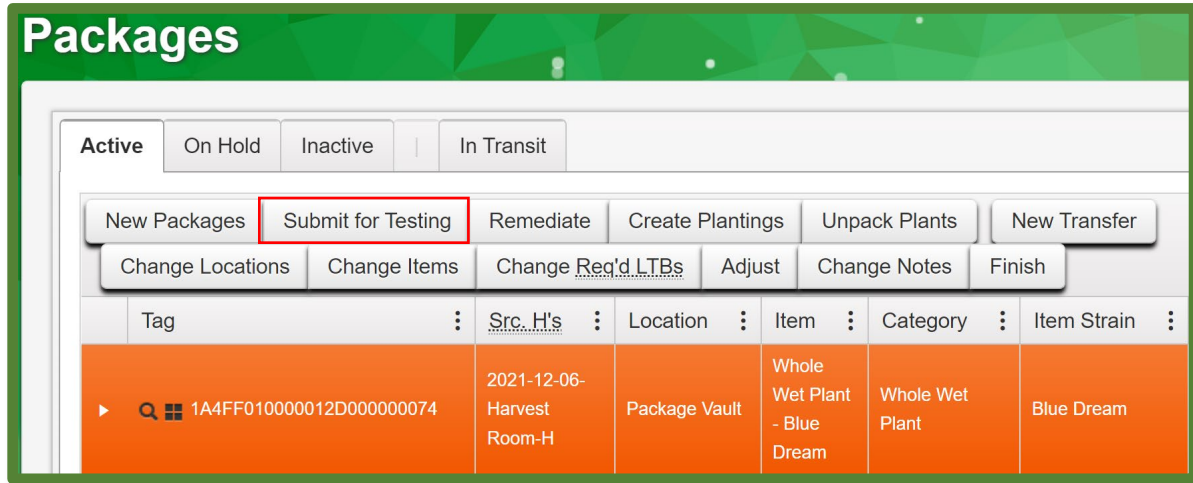

Figure 1: Submit a Whole Wet Plant Package for Testing

This will open an action window to create the test sample package, list all the new package information and select the correct required test lab test batch. Now when creating a lab test sample package, there will be a new lab test batch as an option in addition to the other lab test batches to select as needed or required for the test sample package. This step is demonstrated in **Figure 2** below. Select the correct lab test batch for the testing being done.
