Reason: Expedited shipping speed available for Tag Orders.		

Greetings,

Metric is pleased to announce an update to the Shipping Types available for Tag Orders. This enhancement gives license facilities the ability to choose different shipping speeds now for Ground and Expedited (2nd Day / Next Day) when placing tag orders.

When placing a tag order, users will now see a new option to Choose a Shipping Speed in the middle of the New Tag Order action window – **see Figure 1.**

Once this button is selected, the shipping options will be displayed. The user can select one of the following:

- Next Day – Estimated 1 business day in transit
- Two-Day – Estimated 2 business days in transit
- Ground – Estimated 3-5 business days in transit

When the preferred shipping speed has been chosen, the user can click the Calculate Total Button to see the updated pricing for the expedited shipping. Then follow the normal tag order steps as usual to place the tag order – **see Figure 2.**
