Contact Point: Metrc Support	Subject: Optional Expedited Shipping Available for Tag Orders	
Reason: Expedited shipping speed available for Tag Orders.		

Greetings,

Metrc is pleased to announce an update to the Shipping Speeds available for Tag Orders. This enhancement gives license facilities the option to choose different shipping speeds now for Ground and Expedited (2nd Day / Next Day) when placing tag orders, in addition to currently available standard ground shipping.

When placing a tag order, users will now see a new option to Choose a Shipping Speed in the middle of the New Tag Order action window – **see Figure 1**.

Please note:

You MUST place separate Tag Orders for each Facility. Plant and Package Tags are programmed for each of your Facilities individually and are placed within your Metrc account automatically once received.

Make sure that you are in the correct Facility within Metrc when you place the order.

Tag Orders are not transferable between Facilities.

All Tag Orders are final, so we recommend that you place your orders carefully.

Figure 1: Choose a Shipping Speed in Tag Order Action Window

Once this button is selected, the shipping options will be displayed. The user can select one of the following:

- Next Day – Estimated 1 business day in transit
- Two-Day – Estimated 2 business days in transit
- Ground – Estimated 3-5 business days in transit

Please Note: Expedited shipping will incur a higher cost versus ground shipping.

When the preferred shipping speed has been chosen, the user can click the Calculate Total Button to see the updated pricing for the expedited shipping. Then follow the normal tag order steps as usual to place the tag order – **see Figure 2.**
